

Information about publication

Please use, at all times, this sentence in a publication which has a connection with EUCLIPSE:

The research leading to these results has received funding from the European Union, Seventh Framework Programme (FP7/2007-2013) under grant agreement n° 244067 .

8.3.1 Publication

8.3.1.1 Dissemination activities including but not restricted to publications and presentations shall be governed by the procedure of Article II.30.3 of the EC-GA subject to the following provisions.

Prior notice of any planned publication shall be made 45 days before the publication. Any objection to the planned publication shall be made in accordance with the GA in writing to the Coordinator and to any Party concerned within 30 days after receipt of the notice. If no objection is made within the time limit stated above, the publication is permitted.

8.3.1.2 An objection is justified if

(a) the objecting Party's legitimate academic or commercial interests are compromised by the publication; or

(b) the protection of the objecting Party's Foreground or Background is adversely affected. The objection has to include a precise request for necessary modifications.

8.3.1.3 If an objection has been raised the involved Parties shall discuss how to overcome the justified grounds for the objection on a timely basis (for example by amendment to the planned publication and/or by protecting information before publication) and the objecting Party shall not unreasonably continue the opposition if appropriate actions are performed following the discussion.

8.3.2 Publication of another Party's Foreground or Background

For the avoidance of doubt, a Party shall not publish Foreground or Background of another Party, even if such Foreground or Background is amalgamated with the Party's Foreground, without the other Party's prior written approval. For the avoidance of doubt, the mere absence of an objection according to 8.3.1 is not considered as an approval.

8.3.3 Cooperation obligations

The Parties undertake to cooperate to allow the timely submission, examination, publication and defence of any dissertation or thesis for a degree which includes their Foreground or Background. However, confidentiality and publication clauses have to be respected.

8.3.4 Use of names, logos or trademarks

Nothing in this Consortium Agreement shall be construed as conferring rights to use in advertising, publicity or otherwise the name of the Parties or any of their logos or trademarks without their prior written approval.

The Article II.30.3 of the EC-GA which is mentioned above states the following:

3. At least 45 days prior notice of any *dissemination* activity shall be given to the other *beneficiaries* concerned, including sufficient information concerning the planned *dissemination* activity and the data envisaged to be disseminated.

Following notification, any of those *beneficiaries* may object within 30 days of the notification to the envisaged *dissemination* activity if it considers that its legitimate interests in relation to its *foreground* or *background* could suffer disproportionately great harm. In such cases, the *dissemination* activity may not take place unless appropriate steps are taken to safeguard these legitimate interests.

The *beneficiaries* may agree in writing on different time-limits to those set out in this paragraph, which may include a deadline for determining the appropriate steps to be taken.

4. All publications or any other *dissemination* relating to *foreground* shall include the following statement to indicate that said *foreground* was generated with the assistance of financial support from [the Union] [Euratom]:

The research leading to these results has received funding from the [European Union] [European Atomic Energy Community] Seventh Framework Programme ([FP7/2007-2013] [FP7/2007-2011]) under grant agreement n° [xxxxxx].

Any *dissemination* activity shall be reported in the plan for the *use* and *dissemination* of *foreground*, including sufficient details/references to enable the *Commission* to trace the activity. With regard to scientific publications relating to *foreground* published before or after the final report, such details/references and an abstract of the publication must be provided to the *Commission* at the latest two months following publication. Furthermore, an electronic copy of the published version or the final manuscript accepted for publication shall also be provided to the *Commission* at the same time for the purpose set out in Article II.12.2 if this does not infringe any rights of third parties.
